Profile

Full Stack & DevOps Developer skilled in React, Next.js, Node.js, TypeScript, and Spring Boot. Currently pursuing a Master's in Big Data & IoT. Strong focus on DevOps practices including Docker, Kubernetes, CI/CD, and Terraform, bridging modern frontends with secure, high-performance backends.

Experience

- Oct 2024 – Present **Frontend Developer (Freelance)**, *Upwork*, Remote
- Built and deployed a music platform with Next.js 14, TypeScript, ShadCN, TailwindCSS, and PostgreSQL.
 - Integrated AWS S3, Prisma ORM, and OAuth-based authentication.
 - Delivered a scalable streaming app with cloud-native architecture and robust security.
- Jun 2024 – Oct 2024 **Frontend Developer (Internship)**, *Devti Technologie*, Tanger, MA
- Collaborated with backend and mobile teams on SwapRx (radiology recruitment) and AgroApp (SaaS for hygiene & food traceability).
 - Built responsive applications using React, Next.js, TypeScript, and TailwindCSS.
 - Designed interactive job-search maps and integrated DocuSeal for contract generation.

Hard Skills

Programming	JavaScript, TypeScript, Java, Python, Bash
Frontend	React.js, Next.js, Redux, React Query, TailwindCSS, ShadCN, Sass
Backend	Node.js, Express.js, Spring Boot, JEE, Socket.io, Design Patterns
Cloud & DevOps	AWS, Docker, Kubernetes, Terraform, Jenkins, Git, GitHub, CI/CD
Databases	PostgreSQL, MySQL, MongoDB, Oracle, Firebase, Supabase, Prisma
Tools	Postman, Figma, Vercel, UML, Linux, Agile/Scrum

Projects

Cadency — Music Web App

Full-stack music streaming app with Next.js 14, Prisma (PostgreSQL), NextAuth, TailwindCSS, and ShadCN.
🔗 Live Demo — 🌐 GitHub

Connectify — Social Media App

Social platform with authentication, real-time messaging, and content sharing (React, Node.js, Express, MySQL, SCSS).

📺 YouTube Demo — 🌐 API GitHub — 🌐 Client GitHub

Orava Dash — E-commerce Dashboard

Management dashboard with AI-powered search, built using Next.js, Spring Boot API, and AWS S3.

🌐 Frontend GitHub — 🌐 API GitHub — 🔗 Live Demo

Education

- 2024 – Present **Master's in Big Data & Internet of Things**, *ENSAM Casablanca*, Casablanca, MA
- 2022 – 2023 **Professional License in Technologies & Web Programming**, *FSSM*, Marrakech, MA

Languages

English	Fluent	French	Conversational
